With the stainless steel BIG NAILS floor stand, the opalescent PC illumination surface is enclosed by a stainless steel cap. It is suitable for use outdoors thanks to its IP44 protection class. An earth spike is available as an option for simplified installation. The electrical connection of the luminaire, which comes in two sizes, is directly to the 230V mains supply. The BIG NAILS series also contains wall lights and can therefore be used universally. This luminaire is suitable for lamps of energy classes: A - A+
