

DASAR 218 BULLSEYE

outdoor inground fitting, LED QR111, IP67, round, stainless steel 316, max.50W

Article number	228370
Height	34 cm
Pendant length	21 cm
Light distribution type 1	Direct
Feed-in capability	No
LBS code	QR111
Lamp	QR111
Lampholder / Socket	G53
Number of light sources	1
Lamp included	No
Installation diameter	19.7 cm
Installation depth	30.7 cm
Tilt range	180 Degree
Rotation range	160 Degree
Depth	38.7 cm
Diameter	21.8 cm
Net weight	4.473 kg
Gross weight	5.371 kg
Voltage	230 ~50 . 12 Volts
Max. wattage	50 Watt
Protection class	I
IP-rating	IP 67
Material	Stainless steel 316 / Aluminium / Glass
Colour	Stainless steel
Way of mounting	Inground mounting
Remark 1	Conventional transformer incorporated. Mounting pot included
Energy efficiency class	A+
fastCalcEnabled	No
ranking	300

The 240V inground fitting DASAR 218 BULLSEYE is the logical evolution of the classical inground fitting. During the development of this product, the goal of illumination of nearby objects was in the foreground. Thus, the lamp itself is mounted so that it is rotatable and tiltable outside the actual housing and covered by a high-strength glass dome. This allows highlighting of objects, which are within a short distance to the luminaire itself. Powered by the incorporated transformer with an efficient, low-voltage QRB lamp, it can be connected directly to 230V mains supply. This luminaire is suitable for lamps of energy classes: D - A+
